	<p>The Forester Fire Hose is a percolating hose with a robust, all-synthetic jacket. It is suitable for forest and field fires with the outer coating remaining wet during use. These hoses are rot proof, and need not be dried after use. The synthetic fibres in the hose jacket are resistant to the effects of ultra violet rays. The hose is very light & flexible due to the oil diameter that has been reduced for easy handling. (SABS 1456 Part 2 approved).</p>	<ul style="list-style-type: none"> • 25MM COBRA HOSE • 38MM FORRESTER HOSE • 44MM FORRESTER HOSE • 25MM*30M FORRESTER HOSE • 38MM FORRESTER HOSE C/W 38/65 • 44MM FORRESTER C/W 65/44 COUP • 25MM FORRESTER HOSE C/W GEKA C • 38MM FORRESTER C/W 38X38 COUP • 38MM FORRESTER HOSE+GEKA38MM TAIL 	<p>R1583.55 R1707.75 R1831.95 R1583.55 R2100.53 R2224.75 R1769.85 R2100.53 R1982.00</p>
