Company Overview

Bushbird Consulting was established in 2020 by Jaco Rautenbach after discovering the need for Forest and Veld Fire Fighting Equipment as well as the repairs thereof. The decision was taken to start Bushbird Consulting and to fill the gap in the market. Jaco is well known for Forest and Veld Fire Fighting in the area and knows the products and equipment extremely well because of his experience in firefighting. In the past 4 years Jaco spend approximately 17520 ours on the fire line fighting wildland fires and doing controlled burns!

In July 2020 Bushbird Consulting bought Kingsland Farming who is well known for their professional tree felling services. Although Kingsland Farming was also owned by Jaco, the reason for doing this was to have everything under one roof and once company to cater for all your needs. Tree Felling are still marketed under the Kingsland Farming name. The same service with exceptionally high standards will still be delivered.
